SCREEN

Dimensions: 1' 9"x5' 9" each panel(3 panels)

Material: Recycled old Burma teak wood
with PU paint +Lacquer

Edition: Unique piece

Year: 2017

Lead Time: 60 Days

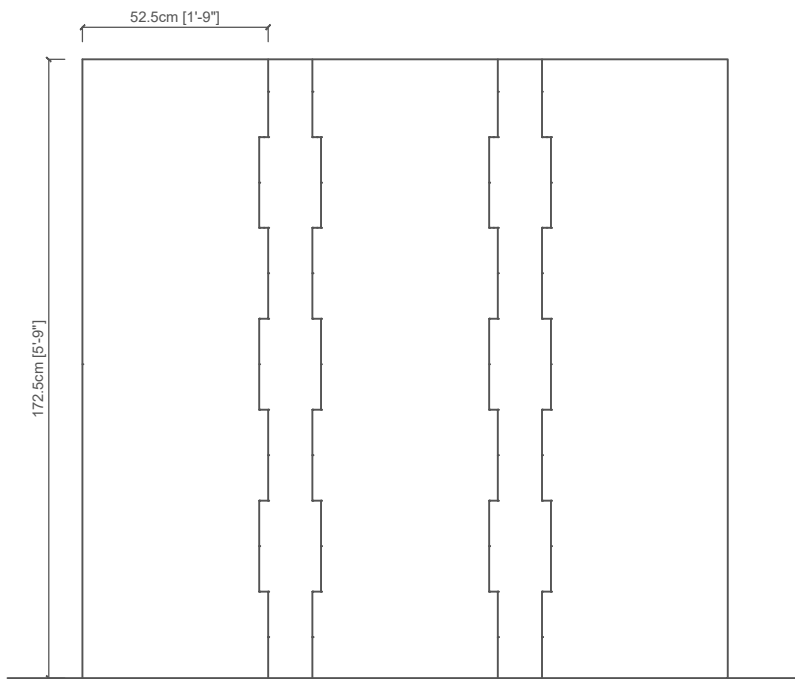

Customization of pattern and colour available

Inspired by the vivid patterns of Fordite, an agate-like enamel which is a by-product of the automotive industry, this screen was coated with eight different layers of paint, then sanded at various intensities, allowing for its various layers to be revealed. We revisited the traditional room partition and substituted the metal hinges with a smaller wooden panel, which also allows for the screen to pivot 180 degrees.
